HVAC Services

Supply of Equipment & Parts

We have been supplying both equipment and parts in partnership with multiple brands working in Pakistan. Today Zahid Brothers HVAC PVT LTD is dealer of famous renowned brands, including:

Project & Installation

Over the years, we've worked on many projects, which include supply and installation of VRF Systems, Packaged Type Units, Water Cooled Chillers, Split Units, etc.

- Tenders and Contracts
- Project Management, Planning & Analysis
- Design & Drawings
- Material Supply Chain
- Quality Control
- Installation of HVAC/AC Equipment
- Installation of Ducting and Piping
- Testing & Commissioning

Repair & Maintenance

Our Company is maintaining a completely separate division for the Repair, Maintenance and After-Sale services, which comprises of fully equipped maintenance teams.

- **Periodic or One-Time Maintenance**
- **Repairing of faulty equipment**
- **Leak Testing and Repair**
- **Ducting Repair**
- **Evaporator and Condenser Coil repairing**
- **Compressor Repairing**
- **Indoor/Outdoor Kit repairing**
- **Indoor/Outdoor Motor repairing**

When it comes to repairing of air conditioning equipment, our first priority is to repair the faulty equipment for cost saving. If repairing is not possible, we move forward towards providing parts.

Cold Storage Services

At **Zahid Brothers**, we have years of experience in the field of refrigeration. Our company specializes in the design, installation, repair, and maintenance of cold store units and reefer containers. We are committed to providing our customers with the highest quality products and services to ensure that their cold storage needs are met. Our commitment to remaining a market leader is demonstrated through our continuous investment in the latest technologies, which allows us to provide superior products and services to our clients in a variety of industries. Our expertise extends to the **dairy, fruit, vegetable, fish, ice cream, meat, pharmaceutical, and food processing** sectors.

Cold Storage Equipment

We provide a wide range of products to meet the diverse needs of our customers in various industries. Our products include:

- **Complete Cold Storage Refrigeration System**, i.e. Evaporative and Condensing Unit
- **PUR and PIR Sandwich Panels**
- **Reefer Containers**
- **Blast Chillers and Freezers**
- **Ice Builders**
- **Spare Parts**

Repair & Maintenance of Cold Storage Units

We understand the importance of properly maintaining your cold store unit to ensure that it operates efficiently and effectively. That's why we offer comprehensive repair and maintenance services for all types of cold store units.

Our experienced technicians are equipped with the latest tools and technology to quickly diagnose and fix any issues with your cold store unit. We offer a wide range of repair and maintenance services, including:

- **Cold Store Repair and New Installation**
- **Preventative Maintenance**
- **Emergency Repair Services**
- **Refrigeration System Repair**
- **Electrical System Repair**
